Immunization Awareness

Health and Wellness

Tip of the Week
Week 31
August 3, 2020

Our Mission is to promote
health awareness and
encourage healthy lifestyles.

Back-to-School Vaccinations

August means back-to-school for most children. Make sure that your child is fully vaccinated before going to school. Most states need proof of vaccinations before students can go to class. It's up to parents to get their kids to the doctor before school starts. Your child's school should be able to give you a list of required shots. It's all about keeping kids of all ages safe and healthy!
