Responsive Proposals are those complying in all material aspects of the solicitation.

A Proposer may, at any time after the submission of the Proposal, be requested to submit further written evidence verifying that the firm(s) meets the criteria necessary to be determined a responsible Proposer. Refusal to provide requested information may result in the Proposer being declared nonresponsive, and the Proposal may be rejected.

18. Adjective Scoring Ratings

Each criterion will be rated using the Adjectival **Scoring Method** as follows:

Definition of Adjective Rankings:

Outstanding: Satisfies all of the agency's requirements, with extensive detail indicating a feasible approach & a thorough understanding of the project. The proposal has numerous significant strengths that are not offset by weaknesses. Meets or exceeds specified performance or capability evaluation standards required under the technical provisions in a beneficial way to the City of Mission. **The proposal has an overall low degree of risk.**

Good: Satisfies all of the City's requirements, with adequate detail of feasible approach & an understanding of the project. The proposal has some significant strengths or numerous minor strengths that are not offset by weaknesses. **The proposal has an overall low to moderate degree of risk.**

Acceptable: Proposal satisfies all of the City's requirements, with minimal detail indicating a feasible approach and a minimal understanding of the project. **The proposal has an overall moderate to high degree of risk.**

Marginal: Proposal satisfies all of the City's requirements, with a minimal detail indicating a feasible approach and a minimal understanding of the project. **The proposal has an overall high degree of risk.**

Unacceptable: Proposal contains at least one major error, omission, or deficiency that indicates a lack of understanding of the project. The approach cannot be expected to meet requirements or involves a very high risk. None of these conditions can be corrected without a major rewrite or proposal revision. Fails to meet an acceptable evaluation standard and the deficiency is uncorrectable. **Firm lacks essential information to support a proposal.**

A rating of – Acceptable is required to be eligible for award consideration. Offeror is cautioned to be aware of this standard when preparing your Proposal.

19. Definitions for Technical Evaluation:

Clarifications: Communications with an offeror for the sole purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the proposal. Unlike discussions, clarifications do not give the offeror an opportunity to revise or modify its proposal, except to the extent that correction of apparent clerical mistake results in revisions.

Discussions: Oral or written communications including negotiations between the Authority and an offeror (other than clarifications) that; involves information essential for determining the acceptability of the proposal or to cure identified defects in the proposal.

- Deficiencies:** Defects in the proposal which preclude acceptance. Involves any part of the Offeror’s proposal which would not satisfy the City’s minimum requirements established in the solicitation. Included failures to meet specifications, submit information, or questionable technical or management approaches. Items disclosed during discussions, evaluated in two categories: material-basis for rejection because further discussions would be meaningless; curable –may be corrected by clarifications or discussions and brought into the competitive range.
- Weakness:** Includes ambiguities, lack of complete descriptions, errors in interpretation, omissions of essential information, inadequate information, all of which are considered curable in discussions. An excessive number of clarifications may in itself constitute a weakness.
- Strengths:** Elements of the proposal that meet or exceed the minimum requirements of the solicitation and provide an identified benefit to the City.

20. Evaluation of Qualifications:

The City of Mission **representatives** will review and evaluate Qualifications using the **Adjectival Scoring Method**. The evaluation of Qualifications shall be based on criteria described below. All Qualifications will be evaluated as a whole, and the City of Mission may invite one or more of the most highly qualified Respondents to attend a formal interview, if necessary. The interview may allow the invited Respondents to further discuss their qualifications with the City, and to respond to questions from the City. It is the intent of the City of Mission via this Request for Proposals (RFP) to identify the most qualified firm through open and honest dialogue with Top Proposer(s) giving proposer(s) the opportunity to adapt their initial offering and/or giving the City the opportunity to modify its initial requirements in order to reach a mutually beneficial partnership.
