(39) Default

(a) If the firm refuses or fails (i) to commence the work within the time required by this contract, (ii) to prosecute the work or any separable part with the diligence that will ensure its completion within the time specified in this contract, including any extension, (iii) to provide sufficient and properly skilled workmen or proper materials or equipment to complete the work in an acceptable manner and without delay, (iv) to promptly pay its subfirms, laborers, and materialmen, (v) to perform any of its other obligations under this contract, or (vi) to complete the work within the time specified in this contract ("events of default"), the City

may, by written notice to the Firm, terminate the right to proceed with the work (or the separable part of the work). In this event, the City may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Firm and its sureties shall be liable for any damage to the City resulting from events of default, whether or not the Firm's right to proceed with the work is terminated. This liability includes any increased costs incurred by the City in completing the work.

(b) The Firm's right to proceed shall not be terminated because of delays nor the Firm charged with damages under this clause, if --

(1) the delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Firm (examples of such causes include (i) acts of God or of the public enemy, (ii) acts of the City in either its public or contractual capacity, (iii) acts of another Firm in the performance of a contract with the City, (iv) fires, (v) floods, (vi) epidemics, (vii) quarantine restrictions, (viii) strikes, (ix) freight embargoes, (x) unusually severe weather, or (xi) delays of subfirms or suppliers at any tier arising from unforeseeable causes beyond the control and without the fault or negligence of both the Firm and the subfirms or suppliers); and

(1) the Firm, within 10 days from the beginning of any delay (unless extended by the Purchasing Director), notifies the City Engineer or Purchasing Director in writing of the causes of delay. The Purchasing Director shall ascertain the facts and the extent of the delay. If, in the judgment of the City staff, the findings of fact warrant such action, the time for completing the work shall be extended. The findings of the Purchasing Director shall be final and conclusive on the parties but subject to appeal.

(c) If, after termination of the firm's right to proceed, it is determined that the Firm was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the City.

(d) The rights and remedies of the City in this clause are in addition to any other rights and remedies provided by law or under this contract. Time is of the essence for all delivery, performance, submittal, and completion dates in this contract.

(40) Termination for Convenience

The Purchasing Director may, whenever the interests of the City so require, terminate this contract, in whole or in part, for the convenience of the City. The Purchasing Director shall give written notice of the termination to the Firm specifying the part of the contract terminated and when termination becomes effective.

(a) The Firm shall incur no further obligations in connection with the terminated work, and, on the date set in the notice of termination, the Firm will stop work to the extent specified. The Firm shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The Firm shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Purchasing Director may direct the Firm to assign the Firm's right, title, and interest under terminated orders or subcontracts to the City. The Firm must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

(b) The Purchasing Director may require the Firm to transfer title and deliver to the City in the manner and to the extent directed by the Purchasing Director: (i) the fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated; and (ii) the completed or partially completed plans, drawings, information, and other property that, if the contract had been completed, would be required to be furnished to the City. The Firm shall, upon direction of the Purchasing Director, protect and preserve property in the possession of the Firm in which the City has an interest. If the Purchasing Director does not exercise this right, the Firm shall use its best efforts to sell such supplies and manufacturing materials.

(c) The City shall pay the Firm the following amounts:

(1) For contract work performed before the effective date of termination, the total (without duplication of any items) of --

(i) the cost of this work;

(ii) a sum, as profit on (i), above, determined by the Purchasing Director to be fair and reasonable; however, if it appears that the Firm would have sustained a loss on the entire contract had it been completed, the Purchasing Director shall allow no profit under this subparagraph

(iii) and shall reduce the settlement to reflect the indicated rate of loss.

(2) The reasonable costs of settlement of the work terminated, including --

(i) accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(ii) the termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

(3) The total sum to be paid the Firm under this subparagraph shall not exceed the total contract price plus the reasonable settlement costs of the Firm reduced by the amount of payments otherwise made, the proceeds of any sales of construction, supplies, and construction materials under this subparagraph, and the contract price of work not terminated.

(41) Termination for Default

(a) The City may, subject to the provisions of paragraph (c) below, by written notice of default to the Firm, terminate the whole or any part of this contract in either one of the following circumstances:

(1) if the Firm fails to make delivery of the supplies or to perform the service within the time specified herein or any extension thereof; or

(2) if the Firm fails to perform any of the other provisions of this contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of 10 days (or such longer period as the Purchasing Director may authorize in writing) after receipt of notice from the Purchasing Director specifying such failure.

(b) In the event the City terminates this contract in whole or in part as provided in paragraph (a) of this clause, the City may procure, upon such terms and in such manner as the Purchasing Director may deem appropriate, supplies or services similar to those so terminated, and the Firm shall be liable to the City for any excess costs for such similar supplies or services; provided, that the Firm shall continue the performance of this contract to the extent, if any, it has not been terminated under the provisions of this clause.

(c) Except with respect to defaults of subfirms, the Firm shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Firm. Such causes may include, but are not restricted to, the following: acts of God or of the public enemy, acts of the City, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; provided, however, in every case the failure to perform must be beyond the control and without the fault or negligence of the Firm. If the failure to perform is caused by the default of a subfirm and if such default arises out of causes beyond the control of both the Firm and subfirm and without the fault or negligence of either of them, the Firm shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subfirm were obtainable from other sources in sufficient time to permit the Firm to meet the required delivery schedule.

(d) If this contract is terminated as provided in paragraph (a) of this clause, the City, in addition to any other rights provided in this clause, may require the Firm to transfer title and deliver to the City in the manner and to the extent directed by the Purchasing Director (i) any completed supplies and (ii) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called "manufacturing materials") as the Firm has specifically produced or specifically acquired for the performance of such part of this contract as has been terminated; and the Firm shall, upon direction of the Purchasing Director, protect and preserve property in possession of the Firm in which the City has an interest. Payment for completed supplies delivered to and accepted by the City shall be at the contract price. Payment for manufacturing materials delivered to and accepted by the City and for the protection and preservation of property shall be in an amount agreed upon by the Firm and Purchasing Director. Failure to agree to such amount shall be a dispute concerning a question of fact within the meaning of the Disputes Clause of this contract. The City may withhold from amounts otherwise due the Firm for such completed supplies or manufacturing materials such sum as the Purchasing Director determines to be necessary to protect the City against loss because of outstanding liens or claims of former lien holders.

(e) If, after notice of termination of this contract under the provisions of this clause, it is determined for any reason that the Firm was not in default or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be those provided in the Termination for the Convenience of the City Clause hereof. Failure to agree to any such adjustment shall be a dispute concerning a question of fact within the meaning of the Disputes Clause of this contract.

(f) The rights and remedies of the City provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract. Time is of the essence for all delivery, performance, submittal, and completion dates in this contract.

(g) As used in paragraph (c) of this clause, the terms "subfirm" and "subfirms" mean subfirm(s) at any tier.

(53) Davis-Bacon Act

(a) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR. Part 3), the full amount of wage and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Firm and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics, subject to the provisions of subparagraph (d) of this clause; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such period. Such laborers and mechanics shall be paid not less than the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (b) of this clause) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Firm and its subfirms at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(b) (1) The Purchasing Director shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The Purchasing Director shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is utilized in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) If the Firm and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the Purchasing Director agree on the classification and wage rate (including the amount designated for fringe benefits, where appropriate), a report of the action taken shall be sent by the Purchasing Director to the Administrator of the Wage and Hour Division, Employment Standards Administration, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the Purchasing Director or will notify the Purchasing Director within the 30-day period that additional time is necessary.

(3) In the event the Firm, the laborers or mechanics to be employed in the classification or their representatives, and the Purchasing Director do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the Purchasing Director shall refer the questions, including the views of all interested parties and the recommendation of the Purchasing Director, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the Purchasing Director or will notify the Purchasing Director within the 30-day period that additional time is necessary.

(4) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (b)(2) and (b)(3) of this clause, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(c) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Firm shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(d) If the Firm does not make payments to a trustee or other third person, the Firm may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided, that the Secretary of Labor has found, upon the written request of the Firm, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Firm to set aside in a separate account assets for the meeting of obligations under the plan or program.

(54) Payrolls and Basic Records

(a) Payrolls and basic records relating thereto shall be maintained by the Firm during the course of the work and preserved for a period of **three (3) years** thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under paragraph (d) of the clause entitled "Davis-Bacon Act," that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, the Firm shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Firms employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(1) The Firm shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the City Engineer. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under paragraph (a) of this clause. This information may be submitted in any form desired. Optional Form WH-347 (Federal Stock Number 029-005-00014-1) is available for this purpose and may be purchased from the Superintendent of Documents, US. Government Printing Office, Washington, D.C. 20402. The Prime Firm is responsible for the submission of copies of payrolls by all subfirms.

(2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Firm or subfirm or his or her agent who pays or supervises the payment of the persons employed under the contract, which shall certify:

(i) That the payroll for the payroll period contains the information required to be maintained under paragraph (a) of this clause and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, at 29 CFR Part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set forth in the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (b)(2) of this clause.

(4) The falsification of any of the certifications in this clause may subject the Firm or subfirm to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.

(5) The Firm or subfirm shall make the records required under paragraph (a) of this clause available for inspection, copying, or transcription by the City Engineer or authorized representatives or the Department of Labor. The Firm or subfirm shall permit the Purchasing Director or representatives of the Purchasing Director or Department of Labor to interview employees during working hours on the job. The firm or subfirm fails to submit the required records or to make them available, the Purchasing Director may, after written notice to the Firm, take such action as may be necessary to cause the suspension of any further payment. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(55) Subcontracts (Labor Standards)

(a) The Firm or subfirm shall insert in any subcontracts the clauses entitled "Davis-Bacon Act, Contract Work Hours and Safety Standards Act - Overtime Compensation, Apprentices and Trainees, Payrolls and Basic Records, Compliance with Copeland Act Requirements, Withholding of Funds, Subcontracts (Labor Standards), Contract Termination-Debarment, Disputes Concerning Labor Standards, Compliance with Davis-Bacon and Related Act Regulations and Certification of Eligibility," and such other clauses as the Contracting Officer may, by appropriate instructions, require, and also a clause requiring subfirms to include these clauses in any lower tier subcontracts. The Prime Firm shall be responsible for compliance by any subfirm or lower tier subfirm with all the contract clauses cited in this paragraph.

(b) Within fourteen (14) days after award of the contract, the Firm shall deliver to the City Engineer a completed Statement and Acknowledgment Form (SF 1413) for each subcontract, including the subfirm's signed and dated acknowledgment that the clauses set forth in paragraph (a) of this clause have been included in the subcontract. (2) Within fourteen (14) days after contract award of any subsequently awarded subcontract the Firm shall deliver to the Purchasing Director an updated completed SF 1413 for such additional subcontract.

(56) Title VI Civil Rights Act of 1964

During the performance of this contract, the Firm, for itself, its assignees and successors in interest (hereinafter referred to as the "Firm"), agrees as follows:

(a) Compliance with Regulations. The Firm shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.

(b) Nondiscrimination. The Contract, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subfirms, including procurement of materials and leases of equipment. The Firm shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

(c) Solicitations for Subcontracts, Including Procurement of Materials and Equipment. In all solicitations either by competitive bidding or negotiation made by the Firm for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subfirm or supplier shall be notified by the Firm of the Firm's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, religion, color, sex, age, or national origin.

(d) Information and Reports. The Firm shall provide all information and reports required by the Regulations or directive issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information and its facilities as may be determined by the City or Economic Development Administration to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information is required or a Firm is in the exclusive possession of another who fails or refuses to furnish this information, the Firm shall so certify to the City, or EDA, as appropriate, and shall set forth what efforts it has made to obtain the information.

(e) Sanctions for Noncompliance. In the event of the Firm's noncompliance with the nondiscrimination provisions of this contract, the City shall impose such contract sanctions as it or EDA may determine to be appropriate, including, but not limited to:

(1) Withholding of payments to the Firm under the contract until the Firm complies; and/or

(2) Cancellation, termination or suspension of the contract, in whole or in part.

(f) Incorporation of Provisions. The Firm shall include the provisions of paragraphs (a) through (f) of this clause in every subcontract, including procurements of materials and leases of equipment, unless exempt by

the Regulations, or directives issued pursuant thereto. The Firm shall take such action with respect to any subcontract or procurement as the City or EDA may direct as a means of enforcing such revisions including sanctions for noncompliance: provided, however, that, in the event a firm becomes involved in, or is threatened with, litigation with a subfirm or supplier as a result of such direction, the Firm may request the City, and, in addition, the United States to enter into such litigation to protect the interests of the City and the United States.

(57) Withholding of Funds

The Purchasing Director shall, upon his or her own action or upon written request of an authorized representative of EDA or Department of Labor, withhold or cause to be withheld from the Firm under this contract or any other Federal contract with the same Prime Firm, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same Prime Firm, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Firm or any subfirm the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the Purchasing Director may, after written notice to the Firm, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(58) Disputes Concerning Labor Standards

The United States Department of Labor has set forth in 29 CFR Parts 5, 6 and 7 procedures for resolving disputes concerning labor standards requirements. Such disputes shall be resolved in accordance with those procedures and not the "Disputes" clause of this contract. Disputes within the meaning of this clause include disputes between the Firm (or any of its subfirms) and the City, the U.S. Department of Labor, or the employees or their representatives.

(59) Compliance with Copeland Act Requirements

The Firm shall comply with the requirements of 29 CFR Part 3, which are hereby incorporated by reference in this contract.

(60) Contract Termination - Debarment

A breach of the contract clauses entitled "Davis-Bacon Act, Contract Work Hours and Safety Standards Act - Overtime Compensation, Apprentices and Trainees, Payrolls and Basic Records, Compliance With Copeland Act Requirements, Subcontracts (Labor Standards), Compliance with Davis-Bacon and Related Act Regulations or Certification of Eligibility" may be grounds for termination of the contract, and for debarment as a Firm and subfirm as provided in 29 CFR 5.12.

(a) By the submission of this offer, the offeror certifies that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control, where segregated facilities are maintained.

(d) It further agrees that (except where it has obtained identical certifications from proposed subfirms for specific time periods) it will:

- (1) obtain identical certifications from proposed subfirms before the award of subcontracts under which the subfirm will be subject to the Equal Opportunity clause;
- (2) Retain such certifications in its files; and
- (3) Forward the following notice to the proposed subfirms (except if the proposed subfirms have submitted identical certifications for specific time periods).

**NOTICE TO PROSPECTIVE SUBFIRMS OF REQUIREMENTS FOR CERTIFICATIONS OF
NONSEGREGATED FACILITIES**

A Certification of Nonsegregated Facilities must be submitted before the award of a subcontract under which the subfirm will be subject to the Equal Opportunity clause. The certification may be submitted either for such subcontract or for all subcontracts during a period (i.e., quarterly, semiannually or annually).
